

Abteilung "Urologie"

Journalbeiträge

1. Bedke J, Kiss E, Behnes CL, Popovic ZV, Heuser M, Stojanovic T, Sijmonsma T, Huber P, Domhan S, Muschal S, Abdollahi A, Gretz N, Gröne HJ (2007) Anti-inflammatory effects of alphav integrin antagonism in acute kidney allograft rejection. *AM J PATHOL*, 171(4): 1127-39.
2. Hermann RM, Schwarten D, Fister S, Grundker C, Rave-Frank M, Nitsche M, Hille A, Thelen P, Schmidberger H, Christiansen H (2007) No supra-additive effects of goserelin and radiotherapy on clonogenic survival of prostate carcinoma cells in vitro. *Radiat Oncol (Internet-Journal)*, 2: 31.
3. Hermens JS, Thelen P, Ringert RH, Seseke F (2007) Alterations of selected genes of the Wnt signal chain in rat kidneys with spontaneous congenital obstructive uropathy. *Journal of Pediatric Urology*, 3: 86-95.
4. Heuser M, Hemmerlein B, Püsken M, Koskinas N, Dullin C, Gross AJ, Zöller GM, Obenauer S (2007) [Determination of renal carcinoma progression in small animals by means of flat-panel volumetric computer tomography]. *UROLOGE*, 46(12): 1710-4.
5. Obenauer S, Dullin C, Alves F, Missbach-Guentner J, Grabbe E, Heuser M (2007) Flat-panel-detector-based volumetric CT: performance evaluation of imaging for skeletal structures of small animals in comparison to multislice CT. *CLIN IMAG*, 31(1): 18-22.
6. Obenauer S, Dullin C, Heuser M (2007) Flat panel detector-based volumetric computed tomography (fpVCT): performance evaluation of volumetric methods by using different phantoms in comparison to 64-multislice computed tomography. *INVEST RADIOL*, 42(5): 291-6.
7. Obenauer S, Plothe KD, Ringert RH, Grabbe E, Heuser M (2007) [Forms of urinary diversion--methods and imaging findings]. *ROFO-FORTSCHR RONTG*, 179(10): 1025-34.
8. Schulten HJ, Perske C, Thelen P, Polten A, Borst C, Gunawan B, Nagel H (2007) Establishment and characterization of two distinct malignant mesothelioma cell lines with common clonal origin. *CANCER GENET CYTOGEN*, 176(1): 35-47.
9. Schweyer S, Bachem A, Bremmer F, Steinfeldler HJ, Soruri A, Wagner W, Pottek T, Thelen P, Hopker WW, Radzun HJ, Fayyazi A (2007) Expression and function of protein phosphatase PP2A in malignant testicular germ cell tumours. *J PATHOL*, 213(1): 72-81.
10. Seseke F, Rebmann S, Zöller G, Lakomek M, Ringert RH (2007) [Risk factors for perioperative complications in renal surgery for Wilms' tumor]. *AKTUEL UROL*, 38(1): 46-51.
11. Spreer A, Gerber J, Hanssen M, Nau R (2007) No neuroprotective effect of erythropoietin under clinical treatment conditions in a rabbit model of Escherichia coli meningitis. *PEDIATR RES*, 62(6): 680-3.
12. Stettner M, Kaulfuss S, Burfeind P, Schweyer S, Strauss A, Ringert RH, Thelen P (2007) The relevance of estrogen receptor-beta expression to the antiproliferative effects observed with histone deacetylase inhibitors and phytoestrogens in prostate cancer treatment. *MOL CANCER THER*, 6(10): 2626-33.
13. Thelen P, Burfeind P, Schweyer S, Scharf JG, Wuttke W, Ringert RH (2007) [Molecular principles of alternative treatment approaches for hormone-refractory prostate cancer]. *UROLOGE*, 46(9): 1271-4.
14. Thelen P, Peter T, Hünermund A, Kaulfuß S, Seidlová-Wuttke D, Wuttke W, Ringert RH, Seseke F (2007) Phytoestrogens from *Belamcanda chinensis* regulate the expression of steroid receptors and related cofactors in LNCaP prostate cancer cells. *BJU INT*, 100(1): 199-203.
15. Velte H, Laabs S, Hemmerlein B, Lindenborn H, Kuhn FP, Dahlhaus D, Heuser M, Albers P (2007) [Development of a "preplanning computer model" for radiofrequency ablation of kidney tumors]. *UROLOGE*, 46(9): 1177-8.

Buchbeiträge

1. Zöller G, Ringert RH (2007) Äusseres männliches Genitale. In: Miller Jocham (Hg.) *Praxis der Urologie*. Thieme Verlag, Stuttgart, 466-97.

Medizinische Dissertationen

1. Hünermund A, Dr. med., Effekte von *Belamcanda chinensis*-Extrakt auf die Expression wesentlicher Faktoren beim Prostatakarzinom. Dissertation Universität Göttingen 2007.
2. Krüger K, Dr. med., Quantitative Analyse der mRNA-Expression von TIMP-1, TIMP-2 und TIMP-3 mittels kompetitiver quantitativer RT-PCR (cqRT-PCR) und Multiplex-PCR am Beispiel des Nierenzellkarzinoms. Dissertation Universität Göttingen 2007.
3. Peter T, Dr. med., Die Rolle der Steroidrezeptoren und ihrer Kofaktoren bei den Effekten des *Belamcanda chinensis*-Extraktes auf das menschliche Prostatakarzinom. Dissertation Universität Göttingen 2007.
